

Duet apk apkpure

1

Use your Android device as a lightning fast second display for Mac & PC DOWNLOAD APK (2.0.1-b2) Verified safe to install ** 50% Off For A Limited Time ** Duet turns your Android phone, tablet, or Chromebook into the most advanced extra display for both Mac & PC. Developed by a team of ex-Apple engineers, Duet offers unparalleled performance and display quality - all with zero lag. — DO MORE — Be twice as productive by multitasking with two screens. And for those that travel, have a portable way to stay productive. — INCREDIBLY SIMPLE — To get started, open Duet on your device and the free Duet desktop app will automatically detect your device that you can click to connect, and transform it into a high performance touchscreen display. — TOUCHSCREEN — Interact with Mac & PC like never before, with touch & gestures, including two-finger scrolling, pan and zoom. And with our latest release, you can even add a touch bar to any Android with any Mac. — PRESS — TechCrunch - "Feels Like Magic" TIME - "Getting Work Done Faster and More Efficiently" The Guardian - "Lag-free" Forbes - "The simple thing to note is this...Duet Display works." The Verge - "Glorious Fluidity" Lifehacker - "It's fast, easy to use, and works great" Business Insider - "Zero lag and true retina resolution" Wall Street Journal - "It's as easy as just plugging it in" — REVIEWS — "Awesome! My iPad Pro can be an extra monitor! Cool app!" ~CEO of T-Mobile, John Legere "Very smooth and responsive indeed, plus you could use the touch screen to "click" on screen interfaces!" ~Photographer, Lok Cheung "Just started using this app called Duet... Kinda love it so far." ~Comedian and Youtube, Phillip DeFranco "All my mac folks look at the Duet app... GREAT!" ~Actor and Comedian, Sinbad Duet Works With: All Androids with 7.0+ All Macs with 10.14 (Mojave) and later All PCs with Windows 10 and later Learn more at Terms: Privacy Policy; Duet Display Free In-App Purchases all unlocked.
